EMAT (European Migrant Advisor Toolkit) is a EU project which aims at improving the European Information Advise Guidance (IAG) providers work. Institutions from UK, Germany, Poland, Czech Republic and Spain evaluate strengths and weaknesses of European IAG concepts. In a second step the partnership will develop recommendations, methodologies and material, which supports advisors in their everyday life. Like this education, services and success of migrant advisors should be improved.

We appreciate any contacting and co-operation with German stakeholders of IAG services and are at your disposal at any time. Please contact Felix Demme: projects@iberika.de.
