

**The Chili Phantom Game - Chapter 3** In Chapter 3, the agents investigate in Stockholm, Sweden, trying to find the Chili Phantom before the next case happens. In order to uncover more information about our suspects, the agents learn how to describe and ask about characteristics, appearances and personal information. During their investigation they nearly catch the Phantom, but he or she flees in the dark and all the agents have is a bunch of hair.

Super Agent 123 calls his agents to Helsinki, where another chili pepper was found along with a feather from a very rare parrot - the chili parrot! The agents have to investigate various European Zoos in order to find out which ones have chili parrots. Along the way, the agents learn vocabulary about animals and how to use the plurals of nouns.

Then the agents have to travel to Copenhagen, where not only chili parrots live in the Zoo, but also an employee has disappeared. In order to be able to interview the Zoo director, the agents get some interview training. With the help of the director's answers, they uncover the identity of the missing employee and follow him to ... - [Chapter 4!](#)
